Re: Construction Activities within the Public Right of Way Street/Lane Closures

To Whom It May Concern:

As we near the holiday period at the end of the year, traffic along many of our streets near Montclair Place (formerly Montclair Plaza) and the MVGS detour will increase considerably. In order for us to accommodate this traffic, it will be necessary to restrict all development work, utility- and maintenance-related, within certain streets. Effective November 22, 2018, and continuing through January 3, 2019, work within the following public streets (including medians, parkways, and sidewalks) will be restricted:

- Central Avenue - Phillips Boulevard to northerly City limits (Pacific Electric Trail)
- Fremont Avenue - Moreno Street to Arrow Highway
- Monte Vista Avenue - Arrow Highway to Holt Boulevard
- Arrow Highway – Camulos Avenue to Benson Avenue
- Moreno Street - Monte Vista Avenue to Benson Avenue
- Palo Verde Street - Monte Vista Avenue to Central Avenue
- Holt Boulevard – Mills Avenue to Benson Avenue

Any work within these streets is strongly discouraged. Construction permits previously issued by the City will not be valid during this period. If, in the opinion of the City Engineer, the public's health or safety is at risk and emergency work is necessary, work will be permitted with the stipulation that the work be continuous (24-hour workdays) until complete. If other non-emergency work must be performed, the work may be done between the hours of 10:00 pm and 6:00 am.

These conditions must be imposed in order for the City to cope with traffic to and from Montclair Place. The conditions are as flexible as we can make them. If you have any questions or require clarification, please feel free to call me at 909-625-9441.
