Investment Notes:

This excellent location fronting Mission Blvd. in the City of Montclair has outstanding potential for the Developer looking to develop a multi-family or single-family project. It is in an area undergoing transition to multi-family/single-family. The property is located near the commercial center of Montclair and in close proximity to the new Crestwood Communities Development which consists of 24 single-family homes priced in the mid \$400's. The development sold out quickly and the area has become popular for residential redevelopment. The property is close to the signalized intersection of Mission Blvd. and Fremont Ave. Land assemblage with this parcel presents a great opportunity for a multi/single family project.
